1682 ISLAND 630/ROBERTS Island,  
Honey Harbour, Ontario, P0E1E0

Only a few minutes by boat from local marinas in Honey Harbour and you are at this 4 bedroom cottage on Robert's Island. You will appreciate the nice open living area that wraps around the side of the cottage. Several recent updates have been done including new flooring throughout, pine ceilings with pot lights in the living area, a ductless split unit for heating and cooling and a new dock. The kitchen has been renovated to include a new oversized sink and new countertops, the installation of a dishwasher and all new appliances. The airtight woodstove will keep you quite warm in the cottage during the cooler months in the spring and fall. Due to the zoning bylaws, the neighbouring property can not have a cottage built on it, making that side quite private. (id:50245)
