1205 WILLIAMSPORT Road, Huntsville,
Ontario, P1H1N7

With a beautiful setting among towering pines and frontage on the Big East River, this log cabin could be either a starter/retirement home or a recreational retreat. The frontage on the Big East River affords miles of recreational possibilities for canoe or kayak enthusiasts. The building is well elevated above the river so flooding isn't an issue. It is a fully winterized dwelling with 720 sq.ft. of finished living area plus a screened porch overlooking the river. The interior needs updates but is quite livable as is. Heat is currently supplied by an airtight woodstove or gas fireplace but there is a partial full basement where you could locate a central heating system. Just minutes from downtown Huntsville and the Dyer Memorial is just around the corner. An affordable and appealing property.
