Ontario, L9Z1B3

Perfect Building lot for TWO homes. This rare opportunity doesn't come by often where you find a lot that has access to 2 thru roads. Measuring 100 x 195 ft this would be the perfect lot to sever and build 2 family homes/cottages or build and sell one lot. Lot offers mature trees for privacy and allows you to be tucked away from your neighbour. Located in an estate subdivision just a short walk to Allenwood beach this location couldn't be more perfect. Enjoy summers at the beach and winters at Blue mountain with a 40 min drive. The sunsets and views of fireworks from across the bay are a spectacular site. Don't miss out on this amazing opportunity to get into this subdivision where there are very few lots left. (id:50245)
