Fantastic opportunity to get two properties in one purchase! The sale includes both a 2.12 acre property with home and detached large garage with loft as well as the 0.88 acres of forest beside with easy potential to resell as vacant land, or develop into your own vision. The solidly built 2 bedroom, 1 bath bungalow has a full basement featuring a private walk-out entrance and could be converted into a separate apartment or in-law suite. With Lake Kushog just steps down the road and 3 acres of well treed privacy this property has great potential! The large detached garage with over 1000 square feet works great as a workshop / garage but the space could have many possible uses and the full loft above provides many options. The interior of the home needs some cosmetic updating but is structurally in good shape. Propane forced air furnace, steel roof, drilled well and septic. *Property also has a small 3-season guest building in need of repair* (id:50245)
